## Product Discontinuation Notice

### Gateway Outdoor Enclosure ENCL\_GW

To whom it may concern,

This letter serves as a formal notification that Building Robotics Inc (BRI) will be discontinuing the ENCL\_GW, or outdoor enclosure for Gateway. The discontinuation is effective **immediately**. The Gateway has been designed to be installed indoors and any attempts to install the Gateway outdoors must be avoided.

If an application is required for outdoor sensors, the Gateway should be mounted on an interior wall and via cable connect to any outdoor omni-directional antenna with a gain of up to 11dBi or less can be used.

BRI appreciates and values our business relationships and looks forward to continued interest in our products. While we regret any inconvenience of this announcement may cause, we are eager to supply your future product requirements with our best-in-class product lines.

If you have not registered on our Support site, please do so. The latest updates in firmware and sensors are posted along with installation instructions.

Best regards,

William E. Johnson III
